DETAILED ACTION

Status of the Claims

1. This action is in response to the application filed on January 22, 2001. Claims 1-37 are pending.

Election/Restrictions

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-10, 17-20 and 28-37, drawn to a method and a system that generating certificates, classified in class 705, subclass 64-67, 75-76.
 - II. Claims 12-16 and 21-27, drawn to a method and a system that determining whether access should be granted to a principal, classified in class 713, subclass 158.
3. The invention are distinct, each from the other because of the following reasons:

Inventions I and II are related as subcombinations disclosed as usable together in a single combination. The subcombinations are distinct from each other if they are shown to be separately usable. In the instant case, invention I has separate utility such as generating certificates, while invention II are directed toward determining whether access should be granted to a principal. See MPEP § 806.05(d).
4. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, have acquired a separate status in the art because of their recognized divergent subject matter, and the search required for group I is not required for group II, restriction for examination purposes as indicated is proper.

Art Unit: 3621

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
